APICS membership

Greetings!

Happy Holidays from the APICS Pittsburgh Chapter!

President's Message

Our Education team is finalizing the class schedules focusing on most of the CPIM sections. Classes are held at different locations in the area, so one may be convenient. Jack Martis VP of education would be happy to discuss other special arrangements. Please contact Jack at jfm2620@comcast.net to see something can be set up.

Our professional development team had a cancellation for the January meeting. Unfortunately we did not have another venue to the fill the spot. We look forward to seeing at the remaining meetings scheduled through May. If your company would like to share improvements or just show off your capabilities please contact Jan Hanchak (JanMHanchak@eaton.com) to see if we could schedule your location for a future PDM meeting.

I would like to congratulate two of our student chapters. Robert Morris University Student Chapter for their achievement of a Silver Award and to the Duquesne University Student Chapter for their achievement of a Gold Award. These had been given by APICS corporate for their participation in the CBAR program. Chapter Benchmarking and Reporting (CBAR) is the APICS program recognizes service excellence, using a peer-to-peer evaluation against a set of criteria that have a direct and positive impact on a chapter's performance.

Thank you for being part of the APICS Pittsburgh Chapter. If you have any questions or comments, please feel free to contact me at 1-866 MY APICS extension 100 or thomassbrown@eaton.com.

update: November membership totals came in at 45,150. New members totaled 1,641 and new student members totaled 717.

Summer Internships Wanted!

If your company has summer internship positions that you'd like to fill, we'd like to know. There are a number of APICS student members who would be very interested in the opportunity to learn and contribute during the summer months. For more information, please contact Jack Martis at jfm2620@comcast.net or 1-866-MY-APICS x 102.

Chapter Management Excellence is an integral component to enhancing the member experience. Successful APICS chapters provide their members with opportunities for stellar education, career development, and networking.

The APICS Chapter Benchmarking and Recognition (CBAR) program recognizes chapters that have exceeded minimum standards and exemplify excellence in overall chapter management. We

Membership

Networking

On December 2nd, the APICS Pittsburgh Chapter sponsored a Membership Appreciation Event at Duquesne University about the importance of building a professional network to grow one's career. This event brought together 40 members made up of senior managers to young professionals, as well as student members eager to start their careers.

Part of this networking event was a presentation, an open discussion about the opportunity to build personal networks from our 376-member base representing 130 companies in Western Pennsylvania for job searches, talent recruitment, peer relationships, mentor/mentee relationships and volunteer opportunities.

If you missed it or want to further your involvement with APICS Pittsburgh, we offer up to 8 opportunities yearly through our Professional Development Meetings or PDM. These events include touring a local company along with dinner and provides an excellent opportunity to network with 30 to 35 fellow APICS members. Please see the newsletter or our website for the current PDM schedule.

Education

APICS Pittsburgh Chapter Upcoming Class Schedule

Detailed Scheduling and Planning

Dates: April, 2016 (3 full day sessions)

Time: 8:00 AM - 4:00 PM

Location: MSA Safety, Murrysville
