Tour precautions: <i>Clothing:</i> Bring a coat for the

Greetings!

The latest information from the APICS Pittsburgh Chapter!

President's Message

The Chapter Board or Directors has recently approved changes to the Chapter by-laws, the next step is to submit them to the membership for approval. The changes dealt mostly with renaming of Chapter positions and responsibilities. The May PDM will have two topics for Chapter business. The first is the normal yearly election of officers with the second the approval of the by-laws passed by the Board. The new by-laws with the changes and a document that highlights the changes can be found on the Chapter website under Organization > By-Laws. A link to these documents will also be in the newsletter ([Editor - Here it is.](#)). Please make an effort to review before the May PDM. Any concerns can be sent to me using Thomassbrown@eaton.com.

Next month's newsletter will contain the candidates for the three elected Board positions. The Chapter is always looking for members who would like to donate their time to improve Chapter offerings. We have over the past couple of years added new Board members who have brought new ideas and energy to the Chapter. We would like to continue this trend. This is your Chapter, you can play a role in making it better.

It is budget time. Now would be a good time to put a placeholder in for the August PRINCIPLES OF MRP SEMINAR IN PITTSBURGH, to be held August 11, 2016. More information about the seminar can be found on the Chapter's website under Education. It is also not too early to start thinking about the 2016 APICS International Conference. This year the Conference will be held in Washington DC September 25-27. <http://www.apics.org/annual-conference/about/apics-2016>.

Thank you for being part of the APICS Pittsburgh Chapter. If you have any questions or comments, please feel free to contact me at 1-866 MY APICS extension 100 or thomassbrown@eaton.com.

**Packaging Corporation of America PDM
on 2/10/16**

	frozen warehouse <i>Shoes:</i> Closed toe shoes <i>Cameras:</i> No Cameras in the pharmacy area Parking will be available at the front of the facility. Limited registration of 35.

The PDM that Packaging Corporation of America recently hosted provided me with great opportunities to network with my peers, as well as learn more about PCA's operations. I was surprised to learn that PCA is located solely in the United States, yet they are the fourth largest packaging company in North America. Many of their competitors have chosen to manufacture in lower cost countries, but PCA takes pride in the fact that they are truly an American company. I was also very surprised to learn that they manufacture packaging solutions for big name companies such as: Titleist, Hershey's, GSK, GNC and L'Oreal. The PDM had a great turnout, and it was encouraging to see so many student members in attendance. PCA's operations were top-notch and the tour guides were very knowledgeable, answering any questions that arose during the tour. Overall, I took some valuable information away from this PDM and got to build upon my professional network. I consider that a great success and can't wait for the next PDM!

-Matt Schuetz
 Duquesne University, APICS Student Chapter President

Also, we are always looking for organizations to host classes. If you're interested in bringing APICS education directly to your employee base, please contact me directly.

**JOIN APICS FOR A
 PRINCIPLES OF MRP
 SEMINAR IN PITTSBURGH
 August 11, 2016**

Materials Requirements Planning (MRP) is a vital component in the supply chain. It acts as the bridge between master planning and production in a system. MRP helps to determine requirements and keep priorities. The APICS Principles and Practices of MRP seminar assists beginning and experienced planners using a MRP system. Through classroom discussion and practical, hands-on exercises, this seminar will help attendees gain a firm understanding of the principles and functions of MRP in the manufacturing process.

Price
 APICS Member \$299
 Nonmember \$399

Professional Development

Chapter Management Excellence is an integral component to enhancing the member experience. Successful APICS chapters provide their members with opportunities for stellar education, career development, and networking.

The APICS Chapter Benchmarking and Recognition (CBAR) program recognizes chapters that have exceeded minimum standards and exemplify excellence in overall chapter management. We are proud to announce the APICS Pittsburgh Chapter received the **2015 CBAR Platinum** Award designation, an admirable accomplishment for an APICS chapter.

As a member of an APICS Platinum Award Winning Chapter, the CBAR designation signifies your chapter's commitment to providing an exceptional membership experience.
