President's Message

With the holidays over and the new year upon us, it is an excellent opportunity to create new networks. What better place than at APICS PDMs. You will meet fellow supply chain professionals looking to improve their skills while seeing what some of the best in class organizations in the Pittsburgh area are doing to improve their supply chain and operations. Please watch the website and newsletters for the latest updates to the PDM schedule.

The education team is putting together the winter and spring schedule which will include offerings in the new APICS CLTD certification. They are also continuing to offer the CSCP and CPIM tracks. If your organization would like to have a custom class please contact Jack jfm2620@comcast.net for additional information.

It is not too early to start thinking about warmer weather. This year's APICS International Conference will be in October in San Antonio, TX. Follow the link for more information. <http://www.apics.org/annual-conference/home>.

Thank you for being part of the APICS Pittsburgh Chapter. If you have any questions or comments, please feel free to contact me at 1-866 MY APICS extension 100 or thomassbrown@eaton.com.
