APICS Pittsburgh Board

## President's Message

We are entering into a new event year. PDMs are the 2nd Wednesday of each month starting in September. We are also adding 2 new social events, a North Breakfast event in the morning, continued by an evening event in the West. These are great networking opportunities for learning how to get certified or how to keep maintenance points on track for already certified individuals. Make sure to check your email for the invite. Please welcome our new volunteers who have joined the board in various capacities. Nate Aaron, Nate Jacobs, Josh Brooks, Jyahna Trucker and Jackie Bohdan have all agreed to help with board activities. The board also completed a yearly audit of the chapter finances with no discrepancies identified. The APICS International Conference is scheduled for October 15 through 18 in San Antonio, TX. It is an excellent opportunity to network with other supply chain professionals and take advantage of advanced learning. Follow the link for more information. [www.apics.org/annual-conference/home](http://www.apics.org/annual-conference/home). The university of Pittsburgh for the second year in a row has a student team competing in the student case completion. We wish them the best. Thank you for being part of the APICS Pittsburgh Chapter. If you have any questions or comments, please feel free to contact me at 1-866 MY APICS extension 100 or [thomassbrown@eaton.com](mailto:thomassbrown@eaton.com).
